

**Boston, October 2019** – Resident Vietnam was again honored for outstanding performance and service excellence in the “Destination Services” category at the Cartus 2019 Global Network Conference held October 14-16 in Boston, Massachusetts.

The Platinum Award (Cartus’ highest award for service), recognizes a supplier’s measurable commitment to excellence and is presented only to those Global Network providers who have maintained throughout the year customer satisfaction scores of 95% or above. Scores are based solely on service evaluations received directly from assignees after services have been completed. Resident Vietnam was one of the few Cartus providers located in Asia to achieve this outstanding level of service in 2019.

Our General Manager, Donn Garton, was very proud to take the stage in front of 400 plus Cartus Conference attendees and accept this Cartus Platinum Award 2019 on behalf of Resident Vietnam’s team.

All credit for this award goes to our dedicated and hard-working relocation team members who consistently strive to go beyond the ordinary to exceed our customer’s expectations.
